

This is to encourage you to come along to this training event Bishop Lusa is hosting, and to invite you to his garden for lunch.

For those already on the Eco-Church journey it will give loads of inspiring ideas to try out.

But even if you haven't engaged with these areas since the pandemic yet, this event could help you get started. Clergy please do bring along anyone who is interested.

**Bishop Lusa invites you to:
A Willesden Creation Care Training Event.**

**'Looking forward
in prayer and hope
to a Net Zero Carbon Willesden'**

Saturday 24th Sep 9.30am – 2pm

*Starting at St Ann's Brondesbury, NW6 6RG
finishing with lunch at Bishop Lusa's garden
173 Willesden Lane, NW6 7YN*

What is net zero carbon ?
Why has the C of E said it is aiming for 2030?
How can we help our churches get there?

A mix of talks, seminars and outdoor worship with:
National guest speakers
and local leaders giving case studies

Book here!

Creation Care Training

Saturday 24th September 9.30am - 2.00pm

St Anne's Brondesbury, and then 173 Willesden Lane

This will serve to inspire and encourage us to think practically about how we can work towards the 2030 targets of net zero carbon. All who come will be invited to Bishop Lusa's family garden for lunch afterwards and also some creative outdoor worship. Creation Care is the one universal strand of the Compassionate Communities ambition of the 2030 vision.
